Model GD2SU with Ultra-Grain[®] Oak
Medium Finish Paint Option

clopay.com

GALLERY[®] collection

The Gallery[®] Collection three-layer construction provides exceptional strength, energy efficiency and dent resistance as well as a beautiful carriage house appearance. The 2" or 1-3/8" thickness of Intellicore[®] polyurethane or bonded polystyrene insulation and thermal break makes these doors heat and cold resistant while the tongue-and-groove joint helps seal out wind, rain and snow. Available in short and long panels with multiple window options, the three-layer Gallery[®] Collection is virtually maintenance-free, so the first fabulous impression becomes a lasting impression.

intellicore[®]
insulation technology

Warmer. Quieter. Stronger.

Gallery[®] Collection doors featuring Intellicore[®] insulation technology represent the ultimate smart choice for homeowners. Clopay's Intellicore is a proprietary polyurethane foam that is injected into a garage door, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, and with one of the industry's leading R-values of 18.4, it provides year-round comfort and improved energy efficiency. Smart, indeed.

COLORS

- Exterior steel on standard color doors has a natural woodgrain texture.
- Doors can be painted to match the home's exterior using a high-quality latex exterior paint. Do not use oil-based paint.

**Popular in select markets, Glacier White is a brighter white.*

CUSTOM PAINT OPTION

Color Blast® offers more than 1,500 Sherwin-Williams® color options to complement your home. Clopay's durable two-part paint system has been thoroughly tested and is backed by a five-year warranty.

ULTRA-GRAIN® PAINT OPTION

Ultra-Grain® Oak
Medium Finish

Ultra-Grain® Oak
Dark Finish

Ultra-Grain® Oak
Walnut Finish

- Painted steel surface simulates a real stained door without the need of staining and the ongoing maintenance of wood.
- Oak woodgrain runs horizontal on stiles and vertical on panels for an authentic, natural look.
- Available in Medium, Dark or Walnut finishes that complement Clopay Entry Doors, shutters and other exterior stained wood products.
- Exterior steel surface on an Ultra-Grain® painted door has a stucco texture to create a more natural woodgrain appearance.
- Window frames, grilles and inserts are color matched to coordinate with the Ultra-Grain® patterns. All window options are available.

Not available on Models GD1SU and GD1LU.

Additional Features

Large authentic arch window designs. Ultra-Grain® window frames, grilles and inserts are color coordinated to Medium, Dark and Walnut finishes.

Energy-efficient thermal break. Polyurethane model shown.

- 2" or 1-3/8" thick sandwich construction consisting of exterior and interior steel skins filled with Intellicore® polyurethane or polystyrene insulation makes these doors strong, energy efficient and quiet.
- Hot-dipped galvanized steel interior and exterior skins with a baked-on primer and top coat help ensure a virtually maintenance-free door with long-lasting beauty.
- Long-life nylon rollers are quiet and durable.
- Corrosion-resistant, aluminum bottom weatherseal retainer and vinyl astragal help seal out the elements.
- See your Clopay Dealer for WINDCODE® door availability.

OPTIONAL

* Aluminum construction.

* Door may not open properly if installed near the top depending on opening dimensions and lift type. See your Clopay Dealer for more details.

A FOCUS ON green

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The Gallery® Collection three-layer construction helps conserve natural resources by providing a durable, reliable, low-maintenance, energy efficient door. Long-lasting steel doors and hardware are impervious to moisture and will not rot, warp or crack, and the steel used in Clopay's doors is made from over 75% recycled content. All Clopay doors are made in the U.S., minimizing shipping, damage and handling.
